### (MINI/MIDI) CUCUMBER SORTING LINE

#### Operating principle

Christiaens Agro Systems designed a machine for grading mini/midi cucumbers. Products are weighed and can be sorted on weight. It's also possible to make packages by weight. Another option is grading the cucumbers on size, shape and colour. A lot of options are possible, ask Your advisor for advice. Then the machine will be optimal for the way You want to work.

#### Advantages

Uniform Product because of high quality grading with high capacity  
Maximum flexibility/options  
Reliable and maintenance friendly

#### Options

Logistics, Robotics, Infeed system

Technical Data	
Length	9.500mm (depending on setup)
Length infeed belt	3.000mm (depending on setup)
Width	1.300mm (depending on setup)
Height	1.750mm
Nr of exits	10 (depending on setup)
Capacity	28.000 pc/h
Power supply	16A 400V 50Hz 3ph+N+pe
